HOW TO PLAY TOP TRUMPS “WOMEN IN SCIENCE”

Play with 4 players

1. Shuffle the cards.
2. Distribute 8 cards for each player.
3. You must hold all of your cards in a stack, one in front of the other, in a way you can see only the first one.
4. The player on the left of the one who gave the cards, start the game by choosing an attribute.
5. All the players must show their cards (which is in the front of your hand) and compare the chosen attribute.
6. WIN the round who has the highest score in the chosen attribute. This person gets all the cards from the table.
7. Keep going until there is only 2 players left. The player with the most cards wins the game!

Attention:
The **TOP TRUMP** card beats ALL other cards EXCEPT those in ‘A’ group.

In case of a draw, the cards stay on the table and accumulates for the next round. The next winner, gets all the cards on the table.
